

# Continents and Oceans -World Map

## Choice Menu

You will be responsible for choosing activities that best help you memorize the location of each of the 7 continents, 6 major oceans and the equator. We recommend that you try at least each activity once before you repeat them. Your quiz on continents and oceans will be on **Friday, September 21st.**

- **Blank Map-**

Fill out the map of the continents and oceans with an expo marker or you and a partner can quiz each other on locations. Use the blank map and a dry erase marker to see how many continents and oceans you can remember without help. Then use the provided map to check or for additional help as a resource.
